1. All tournaments are ***required*** to use Tournament Data Manager (TDM) program to produce and publish the draws.

All players in sanctioned tournaments must be USTA members.

Please update and upload your results by the Tuesday after of the completion of your event. For any changes after that time, please contact Maria or Megan for input. Once the tournament is included in the ranking system, it may NOT be uploaded again without approval.

2. Player surcharges are **\$2.00 per player per event:**

A. Number of singles entries @ \$2.00: _____

B. Number of doubles entries @ \$2.00 per player: _____

C. Total amount of surcharges enclosed: _____

Tournament Director: _____ Phone (____) _____

Compute the correct amount owed by printing the TDM report – “Event Information”. If no draw was made for an event, cross it out and do not count those players. Surcharges should be paid for every player who was an “entry” in your event, and whose name appeared in the draw, even if they did not play a match. The doubles listing shows the number of individual players, so the number of players at the bottom of the report is the amount that you owe - \$2.00 per player per event. Please include a copy of the Event Information sheet with your payment.
